**NovaBlock, 3 solutions in a single product for your security**

**SECURITY SHUTTER**

**GRATE**

**MOSQUITO NET**

The only self-locking safety roller shutter made of extruded aluminium that protects you from intruders without installing railings.

- Allows an optimal air circulation and natural light diffusion thanks to a micro-perforated surface.
- Provides more visibility outside without compromising privacy.
- Protects against mosquitoes and insects.
- It's easy and quick to assemble.
